7. (Internal Use Only - JSW) Talked with Bill Bader, Senate Foreign Relations Committee staff, indicating that 1 February was not a good date because of other commitments for the Director to appear before Senator Gore's Disarmament Subcommittee. Other dates were suggested and after talking with the Director a target date of 3 February was furnished Bader who will confirm this to us. He indicated they very much wished to have the Director appear prior to having Rusk and McNamara appear. We also asked that the time be set at either 2:15 or 2:30.

8. (Internal Use Only - JSW) After receiving word from Mr. Jordan that Senator Russell could see the Director at five o'clock today, Jordan later advised that the Senator was called to the White House for a meeting and suggested either 11:30 or 12 o'clock for the Director on Saturday. After checking with the Director's office, Mr. Jordan was advised that the Director would be there at 11:30.
